PUBLIC COMMENT:

Comments made by members of the public are representative of their views and opinions only. Claims and assertions made during Public Comment are accepted without regard to accuracy and are accepted in accordance with Public Comment rules as outlined in state law. Statements made by the public during Crest Forest Municipal Advisory Council (MAC) meetings do not necessarily reflect the views or opinions of individual MAC members or the Council as a whole.

Approximately 350 citizens were in attendance. All who spoke on this subject were in strong opposition. Approximately 40 percent of those in attendance are current customers of Mountain Disposal and are satisfied with the service; however, none spoke in support of the mandatory program. Many in the audience expressed a desire to have the recent action of the Board of Supervisors reversed.

Mr. Wulfman stated he would research some of the questions presented by members of the community and provide answers to the MAC.

Members of the audience expressed disappointment that neither Supervisor Biane nor any of his representatives were present to address their concerns.

Mr. Mueller moved (second by Ms. Bracher) to write a letter to Supervisor Biane expressing the concerns of the public who attended the meeting.

Mr. Weaver spoke in opposition to writing a letter and asked that the concerns of the public be addressed in the minutes.

Mr. Muller moved (second by Ms. Bracher) to amend the motion to write the letter and to include the concerns of the public in the minutes.
